## GENERAL SETUP INSTRUCTIONS

The Moneyline Voice Response Phone Banking System has been updated to better serve you.

When you call into Moneyline for the first time, you will be asked to re-register for the new system. At that time, you will be required to answer some challenge questions that provide added security.

You also will be asked to change your PIN, which will become your PIN for online banking, if you use that service.

The following step-by-step guide will assist you:

- Key in User ID (Member Account Number)
- Key in your PIN
- The system will Verify your Phone Number
- You will be asked 3 verification questions
  - When you call Moneyline from the same phone number, you won't be asked these questions
  - If you call into Moneyline from a non-registered phone number, you will need to remember the answers to these questions
- The system requires either a personalized message or one that you may choose from a list
- Finally, you will be asked to enter a NEW PIN
  - Choose a PIN with 4–10 numbers
  - Re-enter to verify

## MAIN MENU

### 1 Balances & Transaction Accounts

### 2 Transfers & Loan Payments

### 5 More Options

## 1 BALANCES & TRANSACTION ACCOUNTS\*
