

## What You Need to Know About Overdrafts and Overdraft Fees

An **overdraft** occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two ways:

1. Standard Overdraft Practices that come with your account (see below)
2. Overdraft Protection Plans, such as linking your MORE Rewards Visa credit card with us, which may be less expensive than our Standard Overdraft Practices; to learn more, ask us about these plans

### What are the Standard Overdraft Practices that come with my account?

We authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We **DO NOT** authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions
- Everyday debit card transactions

We pay overdrafts at our discretion, which means that we **do not guarantee** that we will always authorize and pay any type of transaction.

If we do not authorize and pay an overdraft, your transaction will be declined.

### What fees will I be charged if you pay my overdraft(s)?

Under our standard overdraft practices:

- We will charge you a fee of up to \$30 each time we pay an overdraft.
